THE BLACK (RED) SHEEP OF THE JEWISH FLOCK

by our Asian correspondent.

Since the total collapse of the so-called "Cosmopolitan- Jewish — TIME'S expression, not ours — brand of communism in the Soviet Union, International Jewry strives to prove by all possible means that only a few "black sheep" of their flock were associated with communism. We are now positively assured, that the Jewish masses, and their elite especially, are not only innocent of this crime, but were always in opposition to communism. They would have us forget they are responsible for communism in the world.

Unfortunately enough even the men of such caliber as Mr. E. Hoover are caught by the fast-rotating wheels of the Jewish propaganda machine — now rotating in reverse, so-to-speak—and are ready to support their blatant lies.

Hundreds and hundreds of pages could be filled with documents and testimonies which could prove the closest, most intimate connections which existed formerly between International Jewry and the Soviet Communism. In fact it is absolutely certain that communism itself would perish long ago if it would not have the most powerful Jewish support all over the world. In this short article we can mention only a few fundamental facts, but, we believe, they will provide more than sufficient evidence of the Jewish guilt.

To begin with, let us establish WHEN and WHY the Cosmopolitan-Jewish clique which ruled over the Soviet Union through the MVD forces came to its end. The last victorious war gave a tremendous impulse to the resurrection of what Mr. Deutscher calls the "Great Russian Chauvinism," or, in plain language, of Russian nationalism. In 1948-49 the "Cosmopolitans" managed to suppress in part this dangerous movement, and during the famous "Leningrad Trials" liquidated many a "Chauvinist". Mr. Khokhlov in his interview with the U.S. News and World Report people, published by that magazine on January 21, 1955, p. 46 & 47, gives the full details of that story. In July of 1953 the traditionally nationalistic Army destroyed the citadel of the "Cosmopolitans" — the MVD apparatus—and killed their leader Benia, a Georgian half-Jew, who was a cousin of Lazar Kaganovitch and his sister Rosa, Stalin's mistress. In the summer of 1957 the "Cosmopolitans" made an attempt to restore their position, but failed and were banished to the remote places of the Soviet Union. Apparently with their eclipse disappeared the last hope of International Jewry to control the affairs of the USSR and to have its support for Israel. Mr. Ben Gurion expressed succinctly this terrible disappointment when speaking before the Zionist General Council he said, and we quote: "While in the early stages of statehood Israel enjoyed the moral support of Russia and the material help of Czechoslovakia, to our GREAT SHOCK and regret both countries have without justification turned into Israel's biggest enemies." (UP, July 18, 57).

It must be noted that the support of

Israel by the Soviet Union coincides with the victory of the "Cosmopolitans" over the "Chauvinists" which happened in 1948 - 1949, — a most irrefutable proof of the connection which then existed between the Soviet leaders and International Jewry.

We believe Mr. Hoover would not be so easily duped by American Jewry if he would have a chance to read the book "The Last Days of the Romanovs" written not by a Russian "Blackguardist" but by a Briton, Robert Wilton, correspondent of the TIMES. Mr. Hoover would then understand better the source and origin of the October Revolution in Russia. But the Jews took good care to destroy most of the copies of this remarkable book, and it is doubtful Mr. Hoover even knows about its existence. But everybody in the States can get the book of Mr. E. Stevens, "This Is Russia" which got the Pulitzer Prize, and, ipso facto, is absolved from any "Anti-Semitic" tint. On page 172 of this book, (Eton's edition), it is stated, and we quote: "Before the war there was little or no 'Jewish Problem' in the Soviet Union. The Communist Party actively combated anti-Semitism and admitted Jews to the positions of TRUST and AUTHORITY". And - "The Jews as a GROUP were grateful for the equality accorded them, and were among the STANDEST SUPPORTERS OF THE SOVIET REGIME."

Mr. Stevens lived in the Soviet Union long enough. He knows it quite well. He is not an "Anti-Semite." But he openly declares, that not only the individuals of Jewish origin support the Soviet regime, but the whole Jewish group. Mr. Stevens omitted only to tell his readers that the punishment meted on those who dared to show the slightest disrespect toward the Jewish Masters was FIVE YEARS of forced labor, and the "positions of trust and authority" were mostly in the MVD ranks,—see the same Khokhlov's interview. In chapter XX of his book Mr. Stevens explains how the Jews lost ground in the Soviet Union during and after the 2nd World War.

How the Jews behaved themselves in the Satellites and their relations there to communism can be found in the article of Claire Sterling, "Anti-Semitism In The Satellites" published by THE REPORTER on April 14, 1953. We strongly recommend this article to those who until now do not grasp fully the real meaning of the anti-communist uprising in Hungary in October - November of 1956. The REPORTER is edited by a Jew of Italian origin, Max Ascoli. His wife Marion, who allegedly supports this magazine financially, was Mrs. Stern. Stern himself, a rich Jewish banker, was a member of the communist spy ring which had many Jewish

Ralph Bunche COMMUNIST OR AGITATOR? NAACP PLOT

Ralph Bunche

New York City politicians, Jewish organizations, and reds in general became excited when Ralph Bunche, one of top men in the U.N. and NAACP, reported that he and his son were refused membership in the fashionable West Side Tennis Club, Forest Hills, L.I., by its President, Wilfred Burglund, who stated they did not accept Jews and Negroes as members. Immediately Jewish and NAACP pressure was brought on the city of New York (which is run by so-called "Jews"), and every available agency bore down on the directors to demand, the resignation of Mr. Burglund who had been a member of the Board for 30 years.

The Board of Governors, which plays host to the National Tennis Championship each year, was reminded that their policy had been to admit no Jews or Negroes, but they succumbed to the Jewish, Negro political pressure. After Mr. Burglund's resignation, and the Board had stated they would give "prompt and courteous attention" to application by Bunche and his son, the NAACP plot was disclosed. Bunche said, "I am too old for tennis." Bunche stated with reference to his 15 year old son, "I'll take it up with him when he comes home from school in six weeks". But the N.Y. Journal American, July 17th., quotes K. Kaplan as reporting to the NAACP Convention now in session in New York, that Bunche's son has just taken a \$500 life membership in NAACP. This Kaplan (so-called "Jew") is life membership Chairman and Arthur Spingarn another so-called "Jew" is Presi-

GOD BLESS THIS FEARLESS MAN - BRILLIANT LEADER AND AMERICAN PATRIOT

The Late Manning Johnson

Manning Johnson, former communist who testified before the House Un-American Activities Committee and other Congressional committees, author of the book **COLOR, COMMUNISM AND COMMON SENSE** (price \$1.00), suffered minor injuries in an accident near Lakeville, Calif. about July 3rd while riding with another man. He was taken to a hospital in Los Angeles where he died two days later under mysterious circumstances. An autopsy was performed without his wife's permission. He was consultant to the House Un-American Activities Committee since 1940 when he left the Communist Party. He was the main accuser of Ralph Bunche as being a communist while both were in the Party. In view of Johnson's record as a top negro anti-communist and accuser of the NAACP, a doubt arises as to the real cause of his death. It is strange no account of this appeared in the daily press. Would the papers react the same if this had been Ralph Bunche?

Common Sense published an expose of the NAACP by Manning Johnson last Jan. Issue No. 314. A limited supply is still available. Sample copy for the asking.

Those who would like a more complete description of Bunche's red record may have for 25¢ — ask for brochure on Bunche.

TAXPAYERS HIJACKED BY FOREIGN AID

The following letter was sent to the **NASHVILLE BANNER** by James Pike, Murfreesboro, Tenn.

I have read a lot about the race riots in England but I haven't read anywhere what is causing 1,000 Negroes a week to go to England to live. I know and I hope you will print it so the people of Tennessee and the nation will know.

When a Negro goes to England from any of England's possessions, he gets 6 pounds a week for one year tax free. Even though he gets a job the day after he gets to England, he still gets the 6 pounds for one year, tax free. "6 pounds has the buying power of about \$25 a week." Lots of them save enough to go back where they came from and come right back and they get the 6 pounds a week for another year. There is no end to it.

When they marry an Englishwoman, they have priority over an Englishman, in getting a house or a place to live.

The U.S. Government has let England have over fourteen billion dollars since World War II. Without this money, England would be unable to pay for this migration. So the U.S.A. is actually paying the upkeep of these Negro immigrants.

I object to my taxes being spent this way.

RALPH BUNCHE

—o— (Continued from Page 1) —o—

dent of the NAACP.

There you have it. Bunche was only one week older than when he applied for membership and his son was away in school in Connecticut. The NAACP carefully set this up to spread more confusion and ill will just as stated in the **Protocols** which the Jews say are a forgery. This is similar to the deal at Alabama University and Little Rock and the fake bombing of the synagogue in Atlanta. Mr. Burglund would have been on safer grounds if he had refused Bunche on the grounds that he was a red who is strongly suspected of being a communist.

Two former Negro communists under oath before a Government Committee, labeled Bunche as a communist. These two were Manning Johnson and Leonard Patterson.

Manning Johnson, who testified against Ralph Bunche in a loyalty hearing in 1954, swore, according to the **Alsop Brothers**, (Herald Tribune, July 2, '54) "that another communist, James Ford, said in New York that Bunche was a 'comrade' who would be 'useful' Ford introduced Bunche to him with the phrase, 'Comrade Bunche, meet Comrade Johnson . . . Johnson asserted . . . the same James Ford again described Bunche as an 'undercover' member of the party . . ." James Ford was the leading Negro member of the Central Committee for the Communist Party of the U.S. and had been candidate for President on the communist ticket.

Bunche in his denial reminds us of Anna Rosenberg when Ralph De Sola, a former communist, looked her straight in the eye and told her she had attended several meetings with him. This was before the Armed Service Committee while both were under oath. So-called "Jews" all over the U.S. brought such pressure on Washington, Anna was confirmed as Assistant Secretary of Defense in spite of her red record. After she had supervised the hiring of over a million persons. Senator McCarthy was destroyed because he insisted on exposing the communists in the Defense Department and other departments where she placed these employees.

Another similar case: Whitaker Chambers and Alger Hiss were brought face to face under oath by a Congressional Committee. While communist spies they had roomed and worked together for years.

Alger Hiss refused to admit he knew Chambers, a former communist, who identified Hiss. Hiss asked Chambers to open his mouth so he could see his teeth, then again said he never met Chambers.

Dean Acheson, then Secretary of State, said, "I won't turn my back on Alger Hiss." Dean Acheson has not yet been nailed as a communist, although he has represented communist countries in bilking the U.S. of large sums.

When Bunche joined the U.N. he gave Alger Hiss as reference. Bunche sponsored Jack S. Harris for a responsible job with the U.N. Harris had been refused the job with the State Department on the grounds he was a communist. Harris was fired from the U.N. because he took the 5th Amendment.

The N.Y. Jews maneuvered Bunche into the position vacated by Count Bernadotte when he was murdered by the Zionist Jews in Palestine. The red record of Bunche would require three full issues of **Common Sense**.

Bunche's communist front citations are as follows:

Bunche Faces Pair Who Tie Him to Reds

By ROBERT PARKER

Dr. Ralph J. Bunche, head of the United Nations Trusteeship Department, dramatically faced two accusers for more than 10 hours yesterday as a five-man U. S. loyalty board started closed door hearings on Communist infiltration of the UN staff.

Details of the meeting were not disclosed by late last night, with the session still under way. But it was known that Bunche Nobel

WE CALL A SPADE A SPADE;
MOST PEOPLE THINK IT
WHY NOT SAY IT?
WE WILL NEVER SAVE OUR
COUNTRY UNLESS WE DO.

Who Dares Dispute These Facts

Are we in a mess! Anyone who has given any time to understand the important things in life realize practically all countries are living in fear, confusion and distrust. The United States, which has been regarded as safe and powerful, is now debating whether it should soon sign a complete surrender to communism or prepare to fight a hydrogen war which we are told will end all civilization. How did this come about?

The New York News June 20, 1959 quotes Congressman Hollifield as stating the Soviets with 500 submarines could reach six out of every 10 people in the U.S. with atomic missiles fired from the Atlantic, Gulf and Pacific coast.

After Germany's surrender the Jewish directed U.S. turned Germany's submarine pens with their trained men over to the Soviet Union.

The spies who stole our atomic secrets for Communist Russia were Jews.

A good percentage of our people are not aware of this situation and will not be aware or understand when the crisis arrives. They say it cannot happen here. The important matters for them are a later model TV, trading in last year's car, shorter hours, more pay and brotherhood.

Newspapers, magazines and TV give us slanted news dished out by pressure groups who are interested in brainwashing us for their own objectives. From the TV we hear that 2 1/2 million in West Berlin are 110 miles behind the communist lines, completely surrounded by Soviet troops, and unless we withdraw our troops and allow the Godless gangsters to take these German people completely into communism, there is going to be a hydrogen war.

There is too much for any mind to grasp. Who put us into this position? Certainly it is well for us to be concerned about these 2 1/2 million Germans, but when did this

change come about in the minds of the egg-heads who have been running our government since 1932? Only a few years back, we were handing over to bloody Stalin millions of Polish, Hungarian, Czechoslovakian, East Germans and Manchuria people. Our State Department pushed China into communism. We hear much talk now about the frightening position we are in. No publication mentions how we got into this mess. Germany was the only country that had the "know how" and ability to keep peace in Europe. When a group of patriots in the America First Movement were holding meetings working to keep us out of this foreign war, swarms of Marxist Jews who had placed Roosevelt in Washington were breaking up these meetings and screaming for war. Germany had to be crushed. Millions were spent to make us believe black was white. This was war for the four freedoms. We were taxed and the debt placed on the taxpayers who are now paying 8 1/2 billion dollars in interest alone. It is mainly the same group that was screaming for war that is now collecting this interest.

Millions died; All of our veteran hospitals are full; Germany is crushed; the British Empire has disintegrated and we are still supporting England and France and continue to pour billions of dollars down every rat hole we can find in foreign countries. We won the war or did we?

We gave the Soviet Union 11 billion Lend Lease and virtually turned over Europe to communism. Millions of innocent people asleep in their beds awoke to find that they had been turned over to communism by our Jewish-controlled government. Now we are presented with the choice of turning 2 1/2 million more over to communism or being disintegrated by hydrogen bombs. The same gang who put us in this mess tells us the only way we can escape is to accept slavery under world government (communism).

To console our gullible people, we are told we have 50 allies. The fact is the U.S. has 17 divisions in Europe; the Soviets 175 divisions. Our people can be expected to continue gullible for they have been deceived by this same group time after time since 1932. Is it reasonable to expect any of those countries in Europe to defend us in a hydrogen war? They won't commit suicide. England is only 30 minutes away from the Soviet Union. France has withdrawn her Navy from NATO forces and practically all her armed forces are in Algeria. Our taxpayers have been paying for their defense.

Are the West Germans ready to commit suicide after just rebuilding from the rubble caused by our bombers? Dresden, a non-military city, was visited by as many as 2100 bombers a day. The American Jewish Congress' book UNITY IN DISPERSION boast they pin-pointed our bombings. Can we ask Germany, which we have disarmed, to fight a terrible power that we have built up when the Germans know they were in the process of wiping out communism and would have done so had we stayed out of the war.

Isn't it time we stop and learn who got us into this frightening position? These same master minds are still in charge of our national affairs.

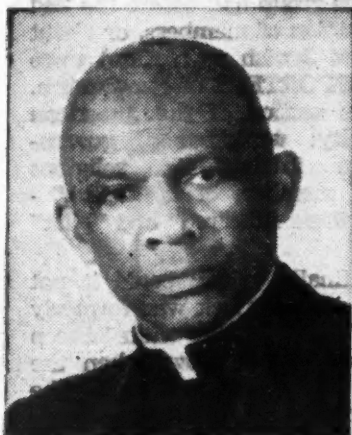

Hate and confusion have been increasing in the U.S. in proportion to the mass of immigration by European so-called "Jews" during the last 25 years.

Jewish publications try to convince gullible America there are only 5 1/2 million Jews in the U.S., while informed people place the number around 13 million and they are pressuring Congress to open wide the immigration gates. Their pressure is changing our laws and customs, stirring up more hatred than since the Civil War. We are being Judaized, communized.

GEN. GEORGE STRATEMEYER'S 14 COMMANDMENTS FOR AMERICA TODAY

General George Stratemeyer

1. Don't surrender one more inch of ground to Chinese Communists.
2. Don't let one American ground soldier die in preventing Red China from taking any of Chiang Kai-shek's territory.
3. Equip, feed and arm President Syngman Rhee's forces and Generalissimo Chiang's forces and encourage turning them loose.
4. Organize an American Foreign Legion of all people in the Far East, who want to fight communism, just as the Soviet does in China and Germany to fight the West.
5. Stop all appeasement of Communism.
6. Let Great Britain give Communist China Hong Kong if they are so anxious to give other people's real estate away.
7. Lets get our prisoners out of Red China dungeons, even if we have to fight for them.
8. The same people who sold China and European Soviet satellites down the river should not be advising the present American administration.
9. Let's get rid of fear — repeat fear — and practice "in God We Trust" with fight in it.
10. "In God We Trust," should be our cry from the housetops by all veterans, American Legion members, Veterans of Foreign Wars, etc and all Americans with guns.
11. I agree with General Chennault that Communist China is a paper tiger of bluff and bluff. Let us stop bluffing and call Red China's bluff.
12. Withdraw recognition of the Soviet Union and all her satellites and kick them out of the U.S.A.
13. We should reserve our real power for the real enemy, the Soviet, and not fritter it away on Korean-type actions.
14. Every American citizen should vote in local, congressional and presidential elections.

members such as: Abel, Alam, Sobel, etc. To tell consequently that this magazine is "Anti-Semitic" would be somewhat difficult.

We quote a few lines from this revealing article: "Jews filled the regime's most exposed positions in the Bezpieka, or secret police - a factor that helped to revive the classic Polish anti-Semitism; Three Jews still DOMINATE the Polish Communist apparatus - Jacob Berman Hilary Minc and Roman Zambrowski." In Czechoslovakia, as Miss Sterling says, eight of eleven who were hanged in the Slansky case were Jewish. "The Hungarian Government is entirely run by men of Jewish descent. Gabor Peters, (Jew), heads the AVH or secret police. SEVENTY PERCENT of Peter's staff is - or was - Jewish." Miss Sterling explains, that this most conspicuous role played by the Jews in the communistic regimes of the Satellites helped to revive the most violent anti-Jewish sentiments,—the same by the way, took place in the Soviet Union, as can be seen from the book of Margolin, a Jew himself, "Voyage to Ze-Ka Land."

The question arises: why are the Jews so much hated in the communist-dominated countries? Is it because "a few Jews" got somehow mixed up with the communistic regimes? Most certainly NOT! They are hated because, as Mr. Stevens said, they supported communism as a GROUP, and this group produced the most active, ruthless and bloodthirsty members of the Communist Party, known and hated by everybody, including the non-Jewish communists themselves.

Assuming that Mr. Hoover, while busily fighting the American subversive elements, somehow overlooked WHO formed the backbone of the foreign communist parties, but most assuredly, he could not miss the activities of the "Fur & Leather International of N.Y." - the most violently communistic Labor Union of the United States; by a strange coincidence this outfit is about 100% Jewish. Its members, Gold and Potash, were the founding fathers of the ACP. In the former days this Union contributed \$17,000 per week to the Communist Party coffers.—a very tidy sum, indeed!

Mr. Hoover, no doubt, still remembers the terrific reaction of World Jewry to the Rosenbergs' case, and knows the fact, that this Jewish couple adhered to the religion of Judaism until the last breath and were buried with full Jewish rites. Quite a few rabbis such, for instance, as Cohn, Kozlov, Cronbach - who officiated at the funeral rites - and many others were on the side of those communist agents and gave them their moral support. The Rosenbergs' trial was a most obvious demonstration of the fact, that the Jews "en mass" supported communism at that time, and only a few "white sheep" in their midst were against it.

Only recently TIME stated (June 30, '58) that the House Un-American Activities Committee "flushed a covey of birds" — all of the same Jewish feather — Messrs. Dubin, Papp, Proctor and Lazar, who were engaged in communist activities among the American intellectuals. On March 30, 1957 the Senate Internal Security Subcommittee reported that Harry Dexter White and his Jewish "lieutenants" Coe, Adler and Friedman "brought the economic destruction of Nationalist China by holding back the gold shipments and THUS PAVED THE WAY TO COMMUNIST INVASION." This case of a group of Jews working for the American Government Mr. Hoover most certainly could not forget; he himself took a very active part in revealing the sinister machinations of the Morgenthau's protege, White, alias Weiss, a Jew of Russian origin.

Not without interest — and it should be remembered here — is the candid declaration of Mr. Baruch that all Soviet Governments since the days of Lenin looked for Mr. Baruch's advice, which clearly shows

that Mr. Baruch, the permanent adviser to the American Presidents, was far from being unfriendly with the Soviet communist regime, because it is self-evident that nobody would ask a foe for advice.

Mr. Ben Gurion himself, this embodiment of the Jewish virtues and a living symbol of Judaism was, shall we say, very friendly with Stalin, and on the occasion of Stalin's 70th birthday sent him such a foul-smelling cable of congratulation, that even the pro-Jewish TIME (Sept. 30, 1957) said that this cable "remains one of the least attractive pages in Israel's diplomacy." We may add, in parenthesis, that this diplomacy, in general, has very few pages which could be called "attractive." It is worth noting that the Israeli farm system, the "kibbutz", of which Mr. Ben Gurion is so proud, is entirely "communistic" and modeled after the Soviet "kolkhoz." Who would dare to call Messrs. Baruch and Ben Gurion the "black sheep" of the Jewish people?

The attitude of many Jewish political writers to Red China is also quite significant; they do not advocate a fight with Chinese communism. Far from it; they insist that Red China shall be recognized by the U.S. and admitted to the U.N. with a hope that, eventually, she may be turned away from the Soviet Union and may join the "Cosmopolitan" (Jewish) brand of communism, the seeds of which were planted in China by Mr. Borodin, ne Moses Grusenbergs. To name only a few of those Jews who advocate this idea: Seligman, Gruson, Pfeffer, Dallin, Levitas, Warburg, Kestenbaum, Stein, etc. Can, honestly speaking, those "sheep" be called "white?" Are they not rather of a deep pink shade?

Mr. Theodore Streibert left no room for any doubt about the Jewish attitude toward communism when, being at that time the director of Voice of America (VOA), he openly declared: "America is NOT fighting the INTERNATIONAL (Cosmopolitan) communism; WE (who?) are fighting the Russian Imperialism." Compare this revealing declaration of a man who spoke allegedly, on behalf of America, with that of Ben Gurion, the speaker for Israel: BOTH don't say that they fight communism as such; but BOTH name RUSSIA as the true enemy. We have seen the unbiased testimony of Mr. Stevens who tells that the Soviet Jews as a GROUP (this group had before the 2nd WW at least 4 million of members, or about 25% of the World Jewish population) were the STANCH SUPPORTERS of communism. We took a cross section of the American Jewish community: workingmen, government employees intellectuals, religious leaders, bankers, members of the "elite," - and found all of them full "red" and "pink" sheep.

The question finally arises: could it not happen that the whole "flock was formerly "red" and "pink" with a few "white" sheep imbedded here and there? Now, when the "Cosmopolitans" lost their ground in the Soviet Union, those scarce "white" sheep are skilfully used as a proof that the whole flock was always "white," - but only very naive persons can be caught by such a primitive trick.

The indisputable fact remains Judaism and Soviet Communism were closely connected before and during the 2nd WW, and those ties were NOT cut by the Jews themselves, but by the "Great Russian Chauvinist" who during the post-war period either destroyed or exiled many Jewish and pro-Jewish communists both in the Soviet Union and in the Satellites.

This simple TRUTH shall be understood and remembered by EVERYBODY, because it is the KEY to the most political problems of our turbulent times.
